ONE-PAGE SUMMARY

SlideCraft turns a goal into a partner-ready deck you can edit

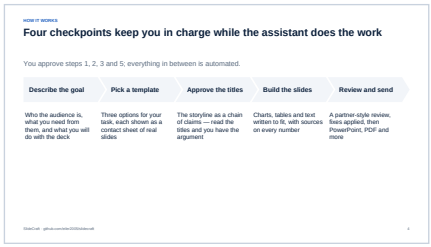

Denis Ermilov · SlideCraft · 2026

02 Most of a deck's time goes into work that is not thinking

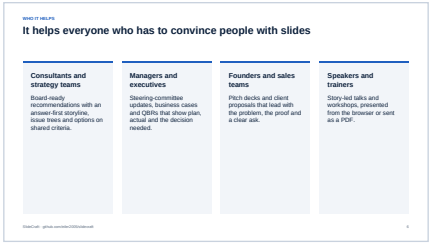

03 SlideCraft applies consulting rules automatically and leaves you the decisions

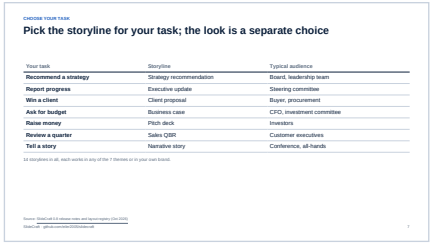

04 Four checkpoints keep you in charge while the assistant does the work

05 The same deck, without the late-night rework

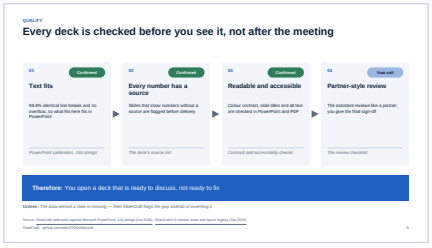

06 It helps everyone who has to convince people with slides

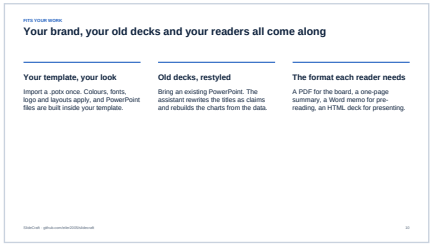

07 Pick the storyline for your task; the look is a separate choice

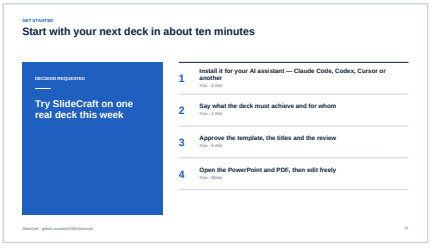

08 One brief gives you a complete kit, not just slides

09 Every deck is checked before you see it, not after the meeting

10 Your brand, your old decks and your readers all come along

11 Start with your next deck in about ten minutes
